Programme

Climate and security trade-offs: Transatlantic industrial and trade policies in the green transition

7-8 November 2024

*Participants and observers are reminded of the private and confidential basis on which Ditchley Foundation conferences are held. All those participating do so in their personal capacities, not as spokespeople for any country or institution. All proceedings take place under the 'Ditchley Rule', whereby all contributions are unattributable and interventions are made in strict confidence; this also applies to exchanges that take place outside the formal sessions. Those present are free to draw afterwards on the substance of what has been said, but not under any circumstances to reveal to any person not participating in the conference who it was that said it. The Rule will be scrupulously observed in any Note later produced on the conference by Ditchley. The verbal discussions will **not** be recorded.*

A note about the programme:

An in-person/residential Ditchley conference, with Ditchley's bespoke 'Bridge' technology permitting the inclusion, via Zoom, of invited speakers.
